

2017-2018 SUMMER SCHOOL ANNOUNCEMENT

Course registrations and advisor approvals will be available between June 25th, 2018 (starting at 09:00 am) and June 27th, 2018 (until 16:00). The Student Affairs Information System will be used for course registrations (as in the Fall and Spring semesters). Students do not need to be in the campuses to get advisors' approvals for summer school courses. Please read this document carefully if you are planning to take courses in the Summer School.

Summer School classes begin on June 28th, 2018. Prep school classes begin on July 2nd, 2018. Final exams end on August 12th 2018.

Courses to be Offered

You can find the courses to be offered at METU NCC and METU Ankara campus via SAIS Program 64

https://oibs3.metu.edu.tr/View_Program_Course_Details_64/

Programs and departments can make changes about the courses until the registration date. Therefore you should check the courses before the registration period.

Summer School Rules

Course registrations and advisor approval dates are the same for METU Ankara and METU NCC courses. You can take courses from NCC or Ankara Campus. Please note that you cannot take one course from Ankara Campus and one course from NCC.

If a course is offered at NCC and the identical course is offered in Ankara Campus, you can take that course at Ankara Campus as well. Please note that the criteria and quotas for the courses are managed by the related programs and departments. **METU NCC Registrar's Office is not responsible for the management of criteria and quotas.**

You can take at most two courses (no limit on the number of credits).

Dropping courses or withdrawal from courses is not possible in summer school.

Interactive course registration system will be accessible on June 25th, 2018 at 09:00 to on-campus and other users. You don't need to be in the campuses to complete the registration and advisor approval procedures. Advisors will approve your courses remotely. System will close on June 27th, 2018 (at 16:00)

It's well known that some courses at Ankara Campus are popular and get full in a few minutes. Be careful if you are planning to take such courses.

We will announce the courses to be closed due to insufficient enrollment on June 27th, 2018.

Academic advisors an/or program coordinators should approve the courses to be taken at NCC or Ankara Campus. Please keep in touch with your Academic Advisor and/or Program Coordinator. Courses not approved by the academic advisors will be dropped by the Registrar's Office after the interactive registration period.

Students with probation status by the end of the spring semester can take only the courses they have taken before. A new elective course can be taken if it replaces another elective course taken before.

Due to the three-semester rule, courses taken before, with a DD or higher grade, the 2016-2017 Spring Semester cannot be taken during the 2018 summer school. This rule does not apply to probation students.

If you are planning to stay in dormitories (Ankara Campus or NCC), you should apply to the related dormitories.

Prep school students who have passed the EPE before the registration period can take courses. They have to visit the Registrar's Office and apply for it.

Note for Engineering Students: You cannot take the courses below in Non-Technical Elective category.

History of Jazz (MUS 231, MUS 232, MUS 331, MUS 332), History of Music (MUS 241, MUS 242), Foundations of Distance Education (CEIT 321)

You can find detailed information about summer school from the directive below;

Payments

You should pay the tuition fee to the Türkiye İş Bankası, ODTÜ KKK Branch Online Account (3B Ekranı, Kurum Kodu: 006, Ödeme Türü: KKK). The system will be open for payments until June 27th, 2018 (to 16:00). Since there is no pre-defined debt in the system, you should calculate the fee considering the number of credits you are planning to take and pay the tuition fee accordingly.

Free Credits: We have defined the free credits in the system which you can use for the courses offered at METU NCC for students who have enrolled in 2016-2017 Academic year or before. You can view the free credit numbers on SAIS (Student Semester Information, semester: 20173). Students with %100 scholarship can use 8 credits, students with %75 scholarship can use 6 credits, students with %50 scholarship can use 4 credits and students with %25 scholarship can use 2 credits free of charge for METU NCC courses. Credits used during the previous summer schools have been deducted. If you will take more credits than the number of free credits, you should pay the difference. Those free credits cannot be used for the courses offered in Ankara Campus.

Tuition fee per credits for METU NCC Courses: 128 USD.

Tuition fees per credits for courses offered in Ankara Campus are as follows.

Business Administration	55 USD
Economics	55 USD
