- **NOTE: The Achievement* Exam is given to students whose total of MT and AQ averages is not high enough to qualify (see last page of “Rules and Regulations” - https://ncc.metu.edu.tr/sites/default/files/metuncc_rules_and_regulations_2021-2022_EN.pdf) for a higher level. This exam enables such students to take the exam, and if they are successful, they will be placed in a higher level in the Spring Semester (i.e. they will not be placed in a lower level). As you cannot know whether you will take this exam or not, it is advised that you do not make any travel arrangements on 20 January, 2023. There will not be a change in the exam schedule and students cannot take the exam in February, after the semester break.**
- **The EPP reserves the right to make changes in the above dates.**
