Students can take an exemption exam for MAT 100 and CNG 100.

** CVE 221 may be available to PNGE students on a limited basis depending on course capacity in a given semester (with the approval of CVE Program).

*** International students will take HST 205 and HST 206, and will take TUR 201 and TUR 202. TUR 201/202 may be taken in the first year with the approval of the advisor.

**** PNGE 417 requires at least 3 of the following courses: PNGE 322, 331, 343, and 352.

***** It is strongly recommended to pass PHY 105 before taking PHY 106, and to pass PNGE 343, 344 and 331 before taking PNGE 461.

NOTE: Arrows indicate prerequisites which must be passed with a grade DD or above. TE: Technical Elective, NTE: Non-technical Elective, FE: Free Elective (can be used as a TE or NTE)
