Students can take an exemption exam for MAT 100 and CNG 100.

** International students must take HST 205, HST 206, TUR 201 and TUR 202. TUR 201/202 may be taken during the first year with the approval of the advisor.

*** PNGE 417 requires a passing grade from at least 3 of the following courses: PNGE 322, 331, 343, and 352.

**** It is strongly recommended to pass PHY 105 before taking PHY 106 & CHME 204, and to pass PNGE 343, 344 and 331 before taking PNGE 461.

***** It is recommended to take Technical Elective (TE) courses during the 4th year after majority of 3rd year PNGE courses are successfully completed.

NOTE: Arrows indicate prerequisites which must be passed with a grade DD or above. TE: Technical Elective, NTE: Non-technical Elective, FE: Free Elective (can be used as a TE or NTE)
