President's Message

Dear Students,

We would like to congratulate you upon your years-long efforts that paved the way for your study at METU, a university where most talented students will learn from the best academics and most inspiring professors who are leaders in their fields both within Turkey and around the world. Your education at METU covers a broad range of activities associated with science, art, sports and culture that will enhance your personal development. We encourage our students to participate in seminars, concerts, plays, movies, and talks -a diverse array of social and intellectual activities that will be held throughout the year across the Campus so that they develop as individuals who have the capability to acquire sophisticated skills from the very beginning of their studies.

METU is a university where researchers pull out all the stops to produce new knowledge, translate research knowledge into practice and disseminate knowledge. It is a university committed to educating individuals who are concerned about and seek right solutions to issues on the national and global agenda; and who think freely and voice their thoughts and opinions freely. METU is a place where the enthusiasm and ideals of young people are nurtured and the possessors find opportunities that allow them to apply their ideals to life. Our campus is situated amongst trees and greenery in an area that used to be called 'Central Anatolian steppe". This beautiful forest was created by members of the METU community, who had a heartfelt commitment to the attributes that characterise METU's overall university culture.

METU occupies a privileged place in higher education. Its secret to success lies in innovative technologies integrated with its existing infrastructure, and with the University's core activities of research and education. The engine driving METU's success is its interdisciplinary approach to the core, embedded throughout the culture of the University, that promotes cross disciplinary interactions that provide exposure to new knowledge and offer new perspectives. Its approach to learning that promotes 'learning from one another, through collaboration' is another key to METU's success.

Online Orientation Program is being held to support you during your adaptation process to your new life at METU. A range of events, organized by the University, will be taking place to provide an opportunity for you to familiarize yourselves with the Campus, get acquainted with others and make new friends. These events will also give the newcomers another opportunity to meet the University's administration and faculty, as well as offering a wealth of information about student resources, campus life and academic process. I truly hope that you will keep your enthusiasm alive when adjusting to the new environment and throughout your four years of study. I also hope that you will actively participate in and fully benefit from the opportunities and educational programs offered at METU. It is only through enthusiasm and passion that you will contribute to the scientific and social wealth of METU.

Welcome, new METU students!

I wish you love, success and happiness...

Prof. Dr. Mustafa Verşan KÖK
METU President

Campus President's Message

To our new International Students,

Welcome to the METU community. We wish you success in your studies here.

Middle East Technical University Northern Cyprus Campus (METU NCC) was established as a result of an invitation conveyed to METU in the year 2000 by the Government of the Republic of Turkey and Turkish Republic of Northern Cyprus. It is a major higher education project financed by the Republic of Turkey and serves not only the Turkish students but also the international community. METU NCC enjoys full academic and administrative support of METU in Ankara.

Our graduates are entitled to receive the METU diploma undersigned by the METU President, and enjoy the world wide recognition and prestige of METU diploma in job markets and graduate admissions. We are extremely proud to announce that METU was ranked 85th in the top universities ranking by the prestigious Times Highest Education in academic year 2014-2015; and we believe this has much to do with great accomplishments of our now over 110.000 alumni from more than 57 countries all over the world METU NCC provides an excellent learning environment for all undergraduate and graduate students. Our academic staff includes colleagues coming from 11 different countries, and they all received their Ph.D. degrees from the leading universities in the world. Currently, our student to faculty ratio is 12, and the average classroom size is only 19. The faculty are deeply engaged in undergraduate teaching, and they are always available to students outside the classroom as well. In other words, we provide personalized education to our students. The emphasis on close student-faculty interaction, when considered together with the academic qualifications of our faculty, clearly puts METU NCC in a very favorable position not only in Turkey and TRNC, but also among the universities worldwide.

METU Northern Cyprus Campus is especially keen to develop a truly international profile of both the academic staff and the student body. We have students from 44 countries all around the world.

This brochure gives information about registration, English language requirements and other procedures required of international students at METU Northern Cyprus Campus.

Prof. Dr. Ömer TURAN
Campus President

Steps to Reach and Settle Down at METU NCC

Turkish Transit Visa

For your health and safety, it is strictly advised not to travel since all registration procedures, classes and exams will be conducted remotely. You do not need to come to the Turkish Republic of Northern Cyprus for the spring semester. However, if you decide to come to the Island, with your own will, you will have to travel in accordance with the quarantine rules and practices decided by the TRNC authorities and announced on the official pages of the relevant TRNC authorities. If you decide to come to the Turkish Republic of Northern Cyprus, it is recommended by the relevant authorities to plan your arrivals as of January, considering the dates specified in the 2020-2021 Academic Year calendar, which was also published on our webpage.

We would like to remind you that all flights to Northern Cyprus via Turkey. Therefore, depending upon your nationality, you may need a TRANSIT VISA of the Republic of Turkey. You may contact the nearest Turkish Embassy/Consulate (<http://www.mfa.gov.tr>) to get advice on the TRANSIT VISA requirements, and complete VISA formalities by presenting the letter of acceptance issued by the university.

We strongly recommend that you get your plane tickets from Turkish Airlines due to the direct connection possibilities with Ercan Airport.

How to Travel to Northern Cyprus and METU NCC

You can arrange your transportation to campus most probably via taxi as there is no public transportation due to COVID-19 travel regulations.

Taxis are available at the airport and Kyrenia and Famagusta harbors (it is approximately 50\$). From the airport and Kyrenia harbor, the travel time to campus is 1.5 hours approximately, from the Famagusta harbor approximately two hours.

When You Reach the Campus

Upon arrival at the campus, you will be allocated a room in METU NCC dormitories. New students are not obliged to stay at METU NCC dormitories (alternative renting options are available in Kalkanlı and Güzelyurt); however, freshmen are strongly recommended to stay on campus during their first year for convenience.

How and When to Apply to METU NCC Dormitories

The dorm will be opened on March 1st 2021. Only the 2nd dorm will be available for the Spring Semester.

Documents you need for dormitory registration

- 2 passport type pictures

Below is the web address for the Directives and Regulations. Please, read the regulations for dormitories very carefully in order to avoid any inconveniences during your stay at METU NCC Campus:

Registration

Due to the pandemic, the document registration process will be online as well. Students should fill the registration form and upload the form to the application system on **February 26th, 2021**. The form will be sent to your email address that you stated during your application. After completing your document registration, you will be able to receive a student certificate as PDF.

Students should submit the original documents that they have been accepted with (mentioned below), when the face to face education will start and students come to the Campus.

Documents you need for registration

- Original High School Diploma and Transcript attested by Turkish Embassy
- Original Exam Result Documents
- IELTS / TOEFL / PTE Academic original reports (if available)
- Equivalence Letter (A letter certifying that your High School Diploma is equivalent to a Turkish High School Diploma). This document can be obtained from the Turkish Embassy in your country, from the Ministry of Education in Ankara-Turkey or from the Ministry of Education in Lefkoşa (Nicosia)/ Northern Cyprus. In order to apply for this letter, you should submit your original high school diploma as well as its Turkish translation and your transcript showing all the courses you have taken during your high school education.
- Photocopies of your passport pages containing identification information.
- Passport Size Photos: 4 (4.5cm x 6cm size) photos taken within the last 6 months.

Students with incomplete registration documents

Registration is only possible if you submit all required documents. If your registration documents are not complete, you need to bring the missing documents until the registration period is over.

Students who would like to be exempted from certain courses

Students who have already taken certain courses from METU, METU-NCC or another equivalent university may apply to be exempted from these courses if they pass the English Proficiency requirements.

Health Insurance

The Campus has a Medical Center for the primary healthcare of students. The cost of medical treatment and hospitalization in the Turkish Republic of Northern Cyprus increased considerably in recent years. Intensive examinations and simple operations may cost several thousand dollars. Therefore, it is obligatory to enroll in the Health Insurance System of the Turkish Republic of Northern Cyprus, especially for the cases that cannot be handled at the Campus Medical Center. This health insurance covers clinical examination, total medical treatment in case of operations or hospitalization and dental operations such as tooth removal or filling. You should purchase one by paying the necessary fee before registration.

Residence Permit

After arriving at TRNC, you have to acquire your “Student Residence Permit” in one-month time (the announcement will be made to let you know when and where to apply. Obtaining a Student Residence Permit is mandatory by law for all international students studying at TRNC. Once you complete in campus registration you should visit <https://permissions.gov.ct.tr> for your Resident Permit Application. If you have any questions regarding procedure you should contact the Student Satisfaction Office on campus.

Failure to obtain Student Residence Permit may result in deportation from the island eventually.

CNG 100 Exemption Examination

Is it possible to be exempt from CNG 100?

If you want to be exempted from CNG 100 you need to pass the CNG 100 Exemption Exam. If you obtain a high grade you will be exempted from CNG 100 and your grade will appear as EX on your transcript. The minimum grade for being exempted is determined by the related academic authorities.

Who can take the CNG 100 exemption exam?

All students who have passed the English Preparatory Program requirements can take the CNG 100 Exemption Exam. You should register for the exam before you can take it. Detailed announcements will be made at our website. Current English Preparatory Program students cannot take this exam.

How to register for the CNG 100 exemption exam?

You should follow your METU e-mails. Announcement for the exemption examination would be announced by the Registrar's Office after registration. Registration to the CNG 100 Exemption Examination will be an online application. You will receive an announcement email for the application process.

What should you do if you are not successful in the CNG 100 exemption exam?

All students who are not successful in the CNG 100 Exemption Exam, are required to take this course. Not attending the course will lead to a NA grade. If you will not be able to attend the CNG 100 lectures you are recommended to drop this course on time.

How to register CNG 100?

You should interactively register for this course by choosing the eligible section.

Evaluation in CNG 100 course

Successful students will be given an S grade and unsatisfactory students will be given a U grade. Attendance is required. Students are given NA grades for not attending lectures for 4 or more weeks.

(For detailed information on CNG100 content please refer to Appendix B).

CNG exam will be online and you will receive an announcement regarding examination details via email.

Exam Date: March 13th, 2021, 09:00 am (TRNC Local Time).

Orientation

Online orientation program is currently running. It is crucial that all newcomers attend the organized orientation activities.

What is the Orientation Program?

This orientation program has been prepared to familiarize you with the campus and its facilities, and support you during your adaptation process. The program will be carried out by student services units and orientation leaders, and offer you an opportunity:

- To get to know the campus and Cyprus
- To meet staff members and new friends

During the orientation program there will be informative live colloquies and videos by staff. Details will be announced. Please follow <http://ncc.metu.edu.tr/new-students> for details and updates. We are looking forward to your involvement in the orientation program!

Orientation Leadership Project

The Orientation Leadership Project (OLP) has been carried out at METU NCC since 2008-2009 Academic Year to run the orientation program effectively. The project is coordinated by Student Development and Counseling Center (SDCC) and run by orientation leaders. Orientation Leaders are all graduate level METU NCC students and assistants who got their degrees in different academic programs. They are assisting you during the orientation program and in your first year at METU NCC. These reliable senior-students will help to find answers to your questions about campus life. How to reach the leaders will be shared with you later.

Registration to Courses

Registration as a freshman (first year student): Students who have submitted acceptable English Proficiency examination reports like TOEFL or IELTS during registrations or students who are nationals of English-speaking countries or those who have attended and graduated from institutions of secondary education will be exempted from the Foreign Languages School or have successfully passed the English Proficiency Examination of METU NCC will be registered as a freshman.

Undergraduate students should complete their interactive registration between **March 10th and March 12th, 2021**. Since it is your first year first semester, the courses will be automatically added to your student portal. However, you should get academic advisor's approval in order to complete your course registration. Students who do not take their advisor's approvals do not complete their course registrations. You can use SAIS (<https://oibs.metu.edu.tr>) Program 61 to view the details of your academic advisors on **March 10th, 2021. (Semester: 20202)**

Please, check details from the webpage below before **March 10th, 2021**.

<http://oim.ncc.metu.edu.tr>

You can check <https://cet.ncc.metu.edu.tr> to check course details and time tables.

Starting Date for Courses

The courses will commence on **March 8th, 2021** for English Language Preparatory Program, and on **March 15th, 2021** for Undergraduate Programs and for Graduate Programs.

GPC 100 “First Year on Campus Seminar”

GPC 100 is a first-year student seminar designed to assist new students make a successful transition to the academic and social life of METU-NCC and thereby foster a sense of belonging to the university.

This course has six principle goals and seeks to:

- a. Acquaint you with METU NCC, its resources and your program of study;
- b. Give you an opportunity to meet with program faculty and upper class students;
- c. Encourage lifestyle choices that promote health and wellness;
- d. Increase self-awareness, help you in setting effective goals based on your priorities, and in managing your time effectively to fulfill these goals;
- e. Provide guidance to promote your academic and professional development;
- f. Promote engagement in the curricular and co-curricular life of the university.

GPC 100 is taken during the first year of enrollment at METU-NCC. It will be delivered through a combination of seminars/activities, small group reflection/discussion sessions, and social and cultural activities. GPC 100 consists of must and elective activities. The most activities take place regularly on Wednesdays at 4.40-6.30 pm during the fall semester. The activities will be announced via mail and intranet. Experienced students taking the course GPC 310 Developing Skills for Peer Guidance assume

the roles of peer guides in facilitating GPC 100. For more information about GPC 100 please visit <https://ncc.metu.edu.tr/ogpdm/gpc-100-coordination>. First GPC 100 activity will be held in the first week of the semester. For details of the activity please do not forget to check your metu mail or follow the announcements.

MAT 100 Pre-Calculus Course

MAT100 Pre-calculus course aims to provide students who have met English language requirements for the undergraduate programs a mathematical background for the courses. Students will be acquainted with basic mathematical concepts which are required for Calculus and other courses and they will be expected to have skills in describing the real-world problems as mathematical models. A successful student will:

- a. Become comfortable with the language of functions;
- b. Gain an understanding of polynomial, rational, exponential, logarithmic and trigonometric functions and ability to describe their graphs;
- c. Be able to solve linear and quadratic equations and equations with exponential and logarithmic functions;
- d. Gain problem solving skills analyzing the quantitative aspects of real-world problems and creating mathematical models.

Students will take this course during the first year of their undergraduate programs or if they fulfill the English language requirements, they can take this course in the summer term before the first year. Students who get a score of at least 50 at the Mathematics Proficiency Exam will be exempted from MAT 100 course and enroll directly for MAT 119 course. MAT 100 Proficiency Exam will be held on **March 8th, 2021, 10:00 am (TRNC Local Time)**. Details will be sent later regarding the exam.
