

## Things To Do Before Travel and Upon Arrival

1. Checking for the travel requirements <https://saglik.gov.ct.tr/TRAVEL-RULES>
2. Keeping all the necessary documents (for ex; diploma, PCR/Antigen test) as hardcopies with you. Immigration Control Office will not accept softcopies of the same documents when you arrive.
3. During your stay in the TRNC, you will need an AdaPass code. To get your AdaPass code, please use the link <https://adapass.gov.ct.tr> . If you have received your vaccine doses in another country, however, the health system of the TRNC will define you as unvaccinated. In that case, you need to follow the steps below:
  - a. In order for the vaccine doses that you received outside the TRNC to appear on the system, you need to fill out the form that can be accessed via the link below: <https://asi.saglik.gov.ct.tr/vaccination/verify> . After submitting the form, it takes approximately 10 days for the authorities to check your documents and the system to verify your vaccine doses. Please make sure that you have uploaded all electronic documents required and entered all information needed accurately.
  - b. After completing the procedures mentioned above, wait for 10 days and create your AdaPass code using the link <https://adapass.gov.ct.tr> . If your vaccine information has been processed appropriately, the system will display both your AdaPass card, which has a green background, and your vaccination ID, which has a white background. Your vaccination ID will allow you to enter places that are open to fully vaccinated people only and to have free antigen tests.
  - c. You need to take your antigen tests for a fee until the AdaPass system in the TRNC defines you as vaccinated upon completion of the procedures mentioned above. We recommend you to keep your vaccination ID with you at all times during this period.
  - d. If your vaccination ID with white background is not displayed by the system despite completing the form and waiting for 10 days, you should visit the Information Processing Office of the TRNC Ministry of Health located in Nicosia, in person, so that the system can verify your vaccine doses. You will need your passport and vaccination ID to apply to the Office for verification. You can access the contact details of the Ministry of Health using the link <http://saglik.gov.ct.tr/%C4%B0LET%C4%B0%C5%9E%C4%B0M>
4. Stay Safe (Guvende Kal) Application must be downloaded to your mobile phones and you must have filled in the “TRNC Entry Form” within 72 hours and you must have a hard copy of the QR Code that you will obtain after filling out your application. You can fill in the form online via following the link <https://www.guvendekalkkktc.com/en> but you are to keep the hard copy of the final form submission completion with you at all times. The Stay Safe Application is used for both purposes; for quarantine tracking and payments, if you are unvaccinated only, and to upload Passenger Information before travelling, whether you are vaccinated or unvaccinated.
5. If you haven't been vaccinated yet, check the page at the following link: <https://www.kktckarantina.com/en#home-quarantine> for quarantine period.

6. For quarantine period: If you have submitted your accommodation application to the dorms and paid the fee, you can stay at the Guest House by making a reservation. Please make your reservation as soon as possible using the following link: <https://forms.ncc.metu.edu.tr/misafirhane/index.php> .
7. If you are going to stay at the Guest House with Stay Safe (Güvende Kal) App, before your flight make sure you have the confirmation document received from the Guest House as proof of accommodation.
8. If you are going to stay at the Guest House with Stay Safe (Güvende Kal) App, you will come to the Campus by taxi from the airport. You can call Özdaş Taxi, 05428510671. The cost will be 250TL for 1-2 people. Vehicle and fee can be different if there are more than 2 people travelling. Before your flight from Turkey to Northern Cyprus, you can call Özdaş Taxi and make your reservation.
9. If you are vaccinated, you can come to the Campus by KIBHAS from the airport. It is on the left side when you leave the airport building.
10. If you are going to stay at the Guest House with Stay Safe (Güvende Kal) App, your wi-fi and bluetooth must be turned on for 24 hours. You can follow the steps to connect the internet, when you enter your room.
11. You can use the link <https://www.nesdersan.com/> for your needs during quarantine.
